

Logistics Lead

We are currently looking for a go-getter who feels called to serve Ananda Kalyani by managing the logistics. The Lead connects the internal needs of the project and its community with external partnerships and resources, creating a seamless flow of logistics to support the higher purpose of Ananda Kalyani.

Become part and contribute to a spiritually-based project and community. Live amid astonishing nature, get access to inspiring knowledge and visions of a regenerative world, join spiritual practices such as kiirtan and meditation, and receive spiritual teachings, and support from spiritual guides through your inner and outer journey.

Ananda Kalyani is a pioneering project dedicated to spirituality, local development, and holistic regeneration, encompassing environmental, economic, and social aspects. We aim to serve as a model and educational hub for sustainable and regenerative living in the 21st century.

Ideally, someone who:

- Is **passionate** about serving a higher purpose through thoughtful and efficient logistics;
- Demonstrates a strong **ability to lead**; guiding, motivating and managing a team;
- Has a **solution-oriented** mindset to deal resiliently with (unexpected) challenges that require immediate action;
- **Proactively** anticipates project needs and takes initiative to address them;
- Excels in managing multiple tasks simultaneously while **prioritizing adequately**;
- **Communicates clearly** and effectively within team, project, and beyond;
- Is **tech-savvy** and handles e.g. Google tools and ordering systems swiftly,;
- Gets energized by a **dynamic environment**;
- Values **eco-friendly** practices and is motivated to integrate those into logistics.

Being a Logistics Lead means to:

- Step into a dynamic role that **blends practicality with purpose**. You serve as the backbone of operations, ensuring that all logistical elements come together to support the project's mission;
- **Lead** and **inspire** team members by providing e.g. clear direction, opportunities for growth, and fostering team spirit;

- Enable **meaningful connections** with the local community, suppliers, contractors, and external partners;
- Organize **transportation** and deliveries of both people and products;
- Develop and manage **inventory systems** for equipment, supplies, and resources;
- Maintain **continuous communication** with all teams to meet their needs promptly and efficiently;
- **Identify** opportunities to **improve** logistical processes and **implement** innovative solutions.

As a Team Lead, your food and accommodation will be provided. Additionally, you will receive a contribution of 250 euros monthly. In exchange, you are at service for 30 hours a week.

Excited to become part of us as a Logistics Lead? Get in touch by filling out the [application form](#) to join our beautiful project Ananda Kalyani.
